Lure of the Law: Why Law?

Hi friends,

Welcome to Success Mantra-India's leading Test Prep Institute for Law Entrance Exam Coaching. We appreciate the interest shown by you in our Institute.

Are you a school/ college student thinking of pursuing law as a career ?

The Bachelor of Laws (Latin: legum Baccalaureus), or LL.B., is an undergraduate degree in India. You can either do a traditional 3-year LL.B. course after your graduation or a 5-year integrated course right after Class XII, which may be a B.A. LL.B. course, a B.Com. LL.B course, a B.Sc. LL.B. course, or a BBA LL.B. course. But in terms of job prospects, none of the pre-fixes in a 5-year course, i.e., B.A., B.Com., B.Sc., etc. are of any significance. The two best law schools in the country, the National Law School of India University, Bangalore (NLSIU) and the National Academy of Legal Studies and Research, Hyderabad (NALSAR) offer just the B.A. LL.B. course.

The law has emerged as the course of choice for students in the past few years. The Law Entrance Exam takers list has been increasing with CAGR (Compound Annual Growth Rate) of 20-25 %. Open to students of all streams, law is suitable for someone who has a passion for understanding the legal systems of the country and who is looking for challenging and exciting opportunities at the work front.

Students have started looking at legal education as a viable career option and the credit goes to many law schools for creating favourable environment for legal education in India. Projection of high profile cases in the media, major verdicts, the glamour attached to the profession, the sky high salaries offered to law graduates(Rs 6 lakhs to 15 lakhs a year) & the power associated with the profession are responsible for aspirants opting for law.

Established in 2010, Success Mantra- run on corporate lines, is today acknowledged as one of the best LAW training specialist through its 2 (TWO) centers (LAXMI NAGAR & GTB NAGAR) across Delhi. When it comes to results, Success Mantra has always been head and shoulders above the rest. We have best success rate in the industry. Success Rate is defined as= Total Number of Selections/ Total Number of Enrollments. We are glad to announce that in 2016, our selection ratio is as good as 1:3.

CLAT is an all-India entrance test for admission into the 17 National Law Universities (NLUs). These NLUs have acquired a status similar to the Indian Institutes of Technology (IITs) in the engineering field. Apart from the NLUs, some other law colleges use CLAT scores for their admissions as well. Like we have CAT for the IIMs, we have CLAT for NLUs. Other major Law Entrance Exams include AILET (All India Law Entrance Test), SET (Symbiosis Entrance Test), LSAT, DU-LLB, BHU e.t.c.

We at Success Mantra ensure that each student gets a Coach who ignites your mind and shows you road towards success. In case, You wish to crack that LAW Entrance Exam ? Come out of your cocoon, contact us today!

Law Entrance Exams: What do they test?

Law entrance tests are designed to evaluate your worth as a potential lawyer and they consist of various sections to analyse your skill levels. The selection process at most institutes is by written examination.

The written tests are usually 2 hours duration with multiple-choice questions and negative marking for incorrect answers.

- **English:** Tests your vocabulary, word usage, grammar and verbal reasoning skills. Evaluates your ability to assimilate and comprehend formal written English
- **Quantitative Ability:** Tests your fundamental understanding of Mathematics (up to X Std. level)
- **Analytical and Critical Reasoning:** Assesses your ability to process data and arrive at logical conclusions
- **General Knowledge/ General Awareness**
- **Legal Aptitude**

STRUCTURE OF CLAT EXAM

Subjects	Questions	Marks
GK / Current Affairs	50	50
Legal Aptitude	50	50
English	40	40
Quantitative Aptitude	20	20
Logical Reasoning	40	40

3-year LLB vis-à-vis 5-year LLB

How good is a three-year LLB versus a 5-year integrated law program? We have been asked this question by a large number of students. The answer is very simple. Both courses are equally good and they should not be compared in the first place simply because they serve to two different audiences. If a candidate is a Class 12 student or has already passed out, he should go for five-year law without giving any thought to the three-year course in future. The LLB course is now available in two formats for two different audiences - 5-year integrated LLB course for Class 12 pass-outs and a 3-year LLB course for graduates of any stream. The advantage is that those who miss the bus after Class 12 due to various reasons still have an opportunity to study law after graduation.

How do you get into India's Top Law Schools?

Admission into top National Law school is based on the Common Law Aptitude Test (CLAT) conducted by the NLUs. This makes the CLAT the holy grail for every law aspirant. Some of the major entrance tests are:

- Common Law Admission Test (CLAT): This is conducted by NLUs. Prominent Law Schools that accept the CLAT score include the 17 NLU's.
- All India Law Entrance Test (AILET) is being conducted by National Law University Delhi for admissions into undergraduate and post graduate law programmes.
- Symbiosis Entrance Test (SET) is a common written test for the admission processes of undergraduate Institutes of Symbiosis International University.
- IPU CET is the Common Entrance Test conducted by Guru Govind Singh Indraprastha University (GGSIPU) for providing admission to various undergraduate engineering programmes in the University.
- KLSAT - Kalinga Institute of Industrial Technology (KIIT) conducts KLSAT 2016 for admissions to undergraduate law programmes including BA LLB, B.Sc LLB and BBA LLB.
- LSAT-India is an all India entrance test designed by the Law School Admission Council (LSAC), USA and is conducted by Pearson VUE, LSAC's Affiliate.
- UPES Law Studies Aptitude Test (ULSAT) is conducted by the University of Petroleum and Energy Studies (UPES). The competitive entrance test is conducted to grant admission to Bachelor of Laws (B.A.LLB) and LLB in Corporate Laws, Cyber Laws and Intellectual Property Rights.
- AIL Entrance Test 2017 is the university level undergraduate entrance exam for admissions to law programmes in Army Institute of Law. The institute offers 80 seats for five-year integrated LLB programmes including BA LLB.
- JMI BA LLB Entrance Exam 2017 is the undergraduate law entrance exam for admissions to five year law programmes in Jamia Millia Islamia. The University offers undergraduate five year integrated law programmes including BA LLB.

The Very Best Training Techniques

Our training methodology consists of:

Concept Training

This is aimed at helping you expand your basic knowledge and skill levels in different areas that are tested in CLAT and other law entrance tests. You are given a thorough understanding of the fundamental concepts, aided by plenty of handouts and test papers. In fact, students from non-mathematics background are given special assistance to help them improve their quantitative skill.

Section-wise Testing

This module helps you concentrate thoroughly on individual test areas and is delivered in an online practice test format. With around 90 sectional tests across Verbal, Logical Reasoning, DI and Quantitative areas, you can train better and in a more focused way. A certain number of tests are uploaded every month with the suggestion that you complete these tests as soon as they are uploaded. The tests are classified as Foundation Tests, Intermediate Tests and Advanced Tests.

Comprehensive Testing

Test papers modeled in the exact likeness of recent CLAT papers are used to test and evaluate students. This is a great tool to help you identify your strengths and areas of improvement for your CLAT.

- Mock CLATS (MCs-15nos.)
- CLAT Replica Tests (CRTs-10nos.)
- All-India Mock CLATs (AIMCLATs-25nos.)

Spoken English Training

Those student who come from weak English spoken background we help them to develop communication skill, keeping in mind a law professional should be good in communication.

Online Video Sessions

Solutions of the AIMCLAT questions are provided in video format, in addition to the text solutions. This is to aid students in understanding and picking up the subtle differences in comprehending and solving questions. General Awareness sessions that are useful to attempt Other Law Entrance Test (OLETs) such as Symbiosis, IP University, Jamia Millia are provided in the online format to benefit students.

Training for Other Exams

With our extensive CLAT training, you can be rest assured that other Law entrance tests like SET, IP CET, DU-LLB etc. are also within your reach. Additionally, we have institute-specific classes and about 10 (Other Law Entrance Tests) to prepare you to tackle these exams.

Facing the CLAT

What criteria should you seek to find in a trusted and effective CLAT training institute?

We encourage you to dig deep into the claims of the organizations that you are considering. The papers are full of tall, often misleading claims and inflated admission numbers achieved. We advise students to ask questions, find out the details and get to really know an institution's reputation. At Success Mantra. We prove our claims.

What is CLAT? Could you please brief about it?

CLAT stands for Common Law Admission Test for 16 National Law university which offers 5 yr LLB right after class 12th.

Common Law Admission Test (CLAT) is a centralised test for admission to 17 prominent National Law Universities in India. The test is taken after the Higher Secondary Examination or the 12th grade for admission to integrated under graduation programmes in Law and after Graduation in Law for Master of Laws programmes conducted by these law universities. This test was conducted for the first time on 11 May 2008. The two-hour admission test consists of objective type covering questions on Elementary Mathematics or Numerical Ability, English with Comprehension, General knowledge and Current affairs, Legal Aptitude and Logical reasoning. The CLAT scores are used by other private law colleges across the country and Public Sector Undertakings for admissions and recruitment respectively.

How much should I score in CLAT to get admission into best college in India?

CLAT 2016 scheduled to be held in online mode had 200 questions of 200 marks, where every correct answer will be awarded one mark and for every incorrect answer, 0.25 marks will be deducted from the total scored marks, as per the negative marking scheme.

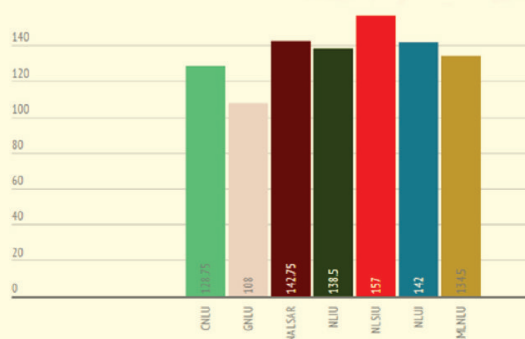

The expected cut-off of Online CLAT 2016, as provided by various exam experts is 124 - 130 marks.

What would be the salary we can expect after doing 5 years law course?

It depends on the job profile and the company you're working for. Generally, once you're recognized as good lawyers, there is no dearth of cases for them to fight and expect a salary in 6 - 15 lakhs range.

CLAT Cutoff Trend

What is the difference between BA LLB and BBA LLB?

Both courses are very closely related, but there is quite a bit of difference in terms of the focus of the subject and career opportunities associated with the topics. BA LLB will give you more insight into Humanities + Law. BBA LLB will give you more insight into Management + Law.

My English is not very good but I'm good at Mathematics, so can I prepare for Common Law Admission Test (CLAT)?

Before you make a wrong opinion about yourself that you do not know English so well, understand that written and communication English are two different aspects. Even if you prepare to write twice a week of Essay writing that Success Mantra study will guide, it will improve in a few weeks. If you score well in Maths, Logical Reasoning and Legal aptitude, you will cover up. Communication English comes once you are in the atmosphere. Writing skills is more important. More than that what is required is Comprehension skill. The ability to read and understand. Suggest that you read crime thrillers of James Hadley Chase novels. You can finish each of them in a weeks' time. The moment you have done three novels, the comprehension skills will improve. Please do read the Business newspaper of Economics Times and Hindu newspaper. You must understand more about things happening around the world.

Facing the CLAT

■ What are the tips you suggest to score good marks in CLAT?

Start with past papers: It's advisable for every law aspirant to get past papers of CLAT. NLU Delhi. LSAT-India. DU. etc available at the respective law schools on payment or on University website for free in case of DU. Solving the past papers and doing a careful study of them help a law aspirant in two ways: knowing the type of questions in each area and where you are lacking. Make a study plan: Law aspirants must make a daily study plan based on aforementioned information. At least two months of intensive preparation (8 hours of studies daily) is a must to crack an LL.B. Entrance Test like CLAT. Of course, students starting their prep while in class 11 or 12 may take liberty to give a little time for entrance prep throughout the year. Candidates must make a plan where they study at least 2 subjects every day and have at least one vocabulary/English and one reasoning exercise daily.

Take help of coaching institutes: As per an internal study at a top law school few years back, more than 80% of the students present in the law school took some coaching or other. A good distance learning course or classroom training programme or even a mock test series can make a huge difference to your preparations. Explore the best institute of your city by talking to the faculty members who are generally graduates of good law schools. Go through www.successmantra.com/law to understand how it helps you score good marks.

Solve as many past papers and mocks as possible: The best way for ensuring time-management in the exam and getting right amount of confidence to crack the exam is to solve as many past papers and full-length mock papers as possible under strict time-limit and exam conditions.

■ I've tried CLAT once but not succeeded. Could you please suggest the best method to crack it in next attempt!

Understand that preparation of every student differs from another - it depends on individual capability of preparation, level of understanding and remembrance, etc. Many students join street side institutions that do not bother about the result of such enthusiastic students. Sometimes though you're a deserving candidate, but couldn't get the desired results. One of the reasons for this is lack of plan, preparation, and evaluation before you appear for the exam. That is where Success Mantra comes in help you score well. Here the faculty pay special attention on each and every student. Well planned, so that you can complete the syllabus well in advance and go for revisions. You can learn lot of techniques to crack CLAT like competitive exams. You should continuously read newspapers, magazines to know about the happenings in India and all over the world.

■ Why start Early?

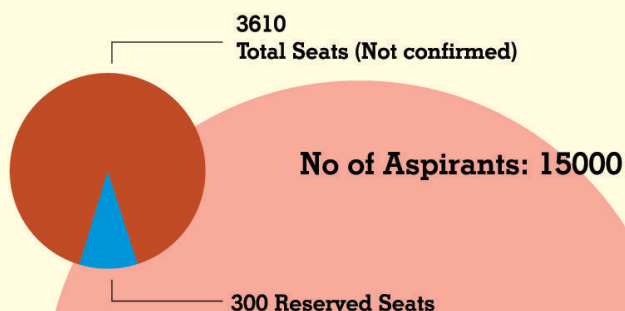

1. Starting early helps in building a strong foundation
2. Topics like Legal Aptitude, Data Interpretation require more focused preparation
3. Since the competition is very tough for limited seats, it is important to learn short-cut techniques and practice them on a regular basis.
4. Regular test on All India level helps you in understanding your strengths & weakness for further improvement.
5. GK & Current Affairs requires more time and can't be improved in a month or two.

Success Mantra course has been extremely helpful for me while preparing for DU-LLB. The course material is comprehensive and covers all possible topics and types of questions. All books include exhaustive exercises for preparation. The test series helped me to identify my strengths and areas of improvements. It creates a similar environment to the actual DU-LLB Entrance Exams. Most importantly, it made me confident about my preparation.

Overall, I would like to give a huge credit of my selection to Success Mantra.
