20/11/2021-

easevidya feedback--

- 1- live class date should be included with date also.
- 2- students should join class at 11:45 when it is conducted until 12 pm.
- 3- slider tabs should enroll with live class dashboard on app,
- 4- sign in share should remove the iframe test on app.
- 5- title should enroll with class sheet.

**8/12/2021-**

1- Remove the Aadhar field from Profile page. As of now, it is mandatory which is probably illegal and we have no use of Aadhar number.

2- While playing the video, Media control bar should fit properly. Can we have a better colour option. Clicking on forward button leads to next video which should not be at all purpose of this button.

3- On click Start Test: Test opens in webview and not in as an screen of Mobile App. We can say this because if user clicks on top of the Logo, it leads to the website.

4- Except Questions, all content in Application should display with JUSTIFY mode too. As of now, alignment is only with left margin.

5- Use close button to close the dialog, everywhere like Live events & All India Test Series

6- When a user clicks on Analyse your learning skills with EaseVidya, this dialog opens up.

1. Dialog should be placed either at the middle and not at top

2. Use close button to close the dialog

7- First appearance should be from the start of the screen, not from the middle.

8- **Website Login** requires [www.easevidya.com](http://www.easevidya.com). It should open even without typing [www....](http://www...)

9- current affairs on multiple clicks problems.

10- news and articles are multiple clicks problems..

11- video playing forward and backward button should be yellow, and video running should be red.

12- live classes app design changes related to tabs,scrolling should look better.
