Summary

As a strategic advisor, I have advised clients on Blockchain Technology, IPR protection, Cross-border transactions, Fintech, Estate management/planning, Gaming and betting, Consumer Protection, Data Protection, Company compliances, IPR valuations, Metrology compliances, corporate law, etc. I am heading a data sharing and consent management company that is successfully making India data privacy compliant. Data is the new oil, but it has to be properly drilled(just like oil) and the privacy of the data principal shall be the utmost concern for us.

Experience

Founder

Wealthisle

Mar 2021 - Present (7 months +)

Heading India's leading B2B data sharing and consent management company through comprehensive data privacy and data security framework.

Consultant

Self Employed: Startup Sherpa

Mar 2021 - Present (7 months +)

Advising international and national companies in establishing their base in India. I act as a strategic advisor to these companies. This includes advising in law, helping them connect with the relevant companies and startups to build their products, and connecting with the relevant professionals for starting out the business in India.

Advising Nexo to establish company presence in India in a compliant manner.

Advising Jangras to build a unique NFT marketplace currently in stealth mode.

Given the mandate to write wills of more than 50 employees for a company.

Giving free advisory to startups pan India and helping them build scalable solutions.

Associate

IndusLaw

Nov 2020 - Mar 2021 (5 months)

I work as an associate in transactions team in the Induslaw firm. My work includes dealing in Fintech sector, Crossborder transactions, Due-Diligence, Data Protection, Consumer Protection, IT Sector, Technology Laws, etc.

Book Author

Blockchain and Cryptocurrency laws in India

Jun 2020 - Mar 2021 (10 months)

Authored a book on blockchain and cryptocurrencies laws in India.

Trainee Associate

IndusLaw

Jul 2020 - Nov 2020 (5 months)

Advisor

Ricex.io

Jan 2018 - Apr 2019 (1 year 4 months)

I strategize according to various legal restrictions regarding the blockchain technology and how doing business using this technology is possible in India. I am also required to pitch the idea to various rice traders in India to get them on this platform.

Legal Advisor and Cofounder

Kryptochange

Dec 2017 - May 2018 (6 months)

It was an exchange which was supposed to function in India. Cryptocurrencies posed various legal problems with regards to FEMA, SEBI etc and I had to come up with a strategy so that business could be implemented in India. Also, had to prepare various financial reports and collect data to pitch to investors and check the feasibility of the idea.

Co-Founder

WiseL

Jun 2016 - May 2017 (1 year)

Worked at the business side of the Company with the main work of reading the contracts, preparing the pitches, handling the compliance and marketing for the Company. My main requirement was meeting 1-on-1 with the clients and explaining the different modules of the product. This product aims at personalized digital learning solutions that provide assistance to students and teachers.

Research Assistant

Prof. Alka Parikh, World Bank project

May 2015 - Jun 2015 (2 months)

Worked as Research Assistant for Dr. Alka Parikh for the summer internship on the World Bank awarded fellowship project, "Food Security Index for Tajikistan". My responsibilities were to collect the relevant secondary data and also undertake literature survey to collect important articles on the subject.
