HOBBIES AND INTERESTS

I enjoy exploring facts about musical instruments and read about them in my spare time. I have an immense interest in playing musical instruments like Piano and ukulele and singing has played a major part in keeping my mind relaxed. Apart from my interest in music, I love watching fiction series and short movies. I am a dog lover and I love to feed the strays whenever I get the chance to, since it was a part of my daily routine during my graduation days.
