To work hard with full determination and dedication to achieve organizational as well as personal goal.

SUMMARY

- *M.C.A. from A.I.M.T., Ambala City.*
- *Strong communication skills with proficiency in grasping new technology concepts quickly and utilizing them in efficient manner*
- *Executed various academic programs using programming languages like C, C++, JAVA.*
- *Fundamental knowledge of object oriented concepts (OOPs), O.S computer Networks , D.B.M.S.*

EDUCATIONAL QUALIFICATIONS

	Institution	Univer sity/ Board	Passin g Year	Passing Percentage
M.C.A.	A.I.M.T, Ambala City	K.U.K	2016	64
B.C.A.	S.D. College, Ambala Cantt	K.U.K.	2012	63
10+2	Bhartiya Public School	C.B.S.E	2009	63
10 th	Bhartiya Public School	C.B.S.E.	2007	57

EXPERIENCES

- 1 year teaching experience with Alight Computers Education, Ambala Cantt.
- 6 Months Industrial Training on Java with AARMI Solutions Ambala City.
- 3 Months Internship on Web Technologies with Advisor Health Care Gurgaon.
- Currently working with kanakInfosystems since june 2016

FUNDAMENTAL KNOWLEDGE

- Java, Bootstrap, SQL, XML, JQuery, H.T.M.L., C.S.S., C , C++., Python ,odoo

Projects

1. Developed Sales Management, Account Management, Open ERM. Generate customized reports and import data using csv.
2. Maintenance and development of official website of advisor .healthcare there I worked on both front-end as well as back- end of website. For front end we uses **JQuery**(Java Script Frame work), **Bootstrap**(CSS framework) and core **H.T.M.L.**..concepts . And for backend **Laravel** (P.H.P. Framework is used).
3. Lift Management system is a java based simulation project that simulates that how lift works in real scenario this application allows multiple user to go to expected floor by using the lift. The basic principal behind working is that it will travel the same direction until all illuminated button s get extinguished in that direction i.e. until the all requests get fulfilled by different user in particular direction get resolved. Lift will change the direction if there is no illuminated buttons in particular direction get fulfilled. Working on **Core Java, Java Swings and Threads .**
4. Projects for fulfillment of degree. i.e. Library Management System, :- This project was done by C programming concepts and maintain local data base through core File System of C programming. I used interactive graphics as well.

COMPETENCIES

- Very Quick learner.
- Good at numbers/data..
- Positive attitude.
- Effective Learner.
- Good at dry run programming tactics.
- Ability to find out shortcuts.

Achievements

- Runner-up (Under 17) Haryana Basketball tournament.
- First in group songs competition (State Level).
- First in Inter-College Quiz Competition
- Discipline In-charge of school from student council.
- Active Contributor to social works like Blood Donation.
- Active Participant of Distt. Poor welfare society (Roti Bank).

<i>Year</i>	Name of Competition.	Organizer
2001	G.k. Quiz	P.R. Education Society
